Hill HA90C

\$1950

The Hill HA90C is our most popular model. Designed with both you and your patient in mind, the HA90C electrically adjusts in height from 22" to 35" giving you the ideal working height and your patients easy access both on and off the table. The HA90C is also versatile. You can customize the design of your HA90C from the many available options and build a table uniquely suited to your needs.

Standard Features

- Armrests, 13" face cut-out, and paper roll
- Electrically controlled height - 22" to 35"
- Standard width - 24"
- Length - 6' with drops; 6'3" without drops
- Foam top - 3" medium density (soft or firm foam on request)
- Choice of 20 colors for the top
- Beige or gray acrylic thermo-plastic base
- One-year warranty on all parts (see dealer on-site labor warranty)
