## One Section Physical Therapy Table

Base Price \$1750

During examination, therapy or mobilization the One-Section PT Table makes your job easier by elevating to the ideal working height. You'll appreciate the reduction in bending and back stress and your patients will enjoy the easy access onto the table provided by the variable height. Gliding quietly and smoothly, the One-Section PT elevates from 20" to 30" with a touch of the foot pedal. All mechanisms are completely enclosed to ensure safety for you and your patients. The standard model has a 24" wide top with 1 1/2" foam. Various options such as 27" and 30" widths, an extra foot pedal, special-density foam, face cut-out, and a choice of height ranges allow you to customize to your specific needs.

## STANDARD FEATURES

- Electric adjustable height - 20" to 33"
- Standard width - 24"
- Length - 6'3"
- Foam top - 1 1/2"
- Choice of 20 colors for the top
- Beige or gray acrylic thermo-plastic base
- One-year warranty on all parts and labor
